

SECOND ANNOUNCEMENT XIX ESCOLA BRASILEIRA DE GEOMETRIA DIFERENCIAL

IMPA, Rio de Janeiro, 18th to 22nd July 2016

The **XIX Escola Brasileira de Geometria Diferencial** will be held at Instituto de Matemática Pura e Aplicada (IMPA), from July 18th to July 22nd 2016. The activities of the event will include:

- **Mini-Courses:**

- **Mini-Course 1:** Rafael Montezuma, *Min-Max Theory*
- **Mini-Course 2:** Felix Schulze, *Geometric Flows*
- **Mini-Course 3:** Laurent Hauswirth, *Harmonic maps and minimal surfaces in homogeneous spaces*

- **Plenary talks given by invited speakers**

- **Talks selected by the Scientific Committee from the submitted ones Poster sessions**

On-line registration is now available at the web page of the event: http://www.impa.br/opencms/en/eventos/store_2016/evento_1612

Submission of oral presentations or posters should be indicated at the moment of registration and the paper or poster should be submitted by e-mail to: **egd2016@impa.br**

We encourage recent PhDs and students to send their submissions.

The deadline to send papers and posters is **May 30th 2016**.

We highly recommend the participation of students in the event. Due to the predictable limitations of financial support by the financing agencies and the desire to have the largest possible number of participants, the Committees recommend that those interested in participating in the event should look for support from their own institutions.
