

THE FIRST JOINT MEETING BRAZIL FRANCE IN MATHEMATICS
CALL FOR THE ORGANIZATION OF SPECIAL SESSIONS

The mathematical societies of Brazil (SBM and SBMAC), and France (SMF and SMAI) is organizing The First Conference Brazil France in Mathematics which will take place at IMPA, Rio de Janeiro, on July 15 - 19, 2019.

Among other activities, there will be special sessions. We strongly encourage those interested in organizing such a special session, to apply. Each session may have between 8 and 10 talks of 30-45 minutes. The deadline for submission is October 15, 2018. The proposal shall be sent as a pdf file to rosen@impa.br, with a copy to pacifico@im.ufrj.br

The proposal should include:

- The title and a short description of the organization of the session;
- The CV of the organizers: ideally one Brazilian and one French organizer
- A tentative list of speakers, (please include a link to the CV of the speakers).

We do recommend that the proposed speakers have some mathematical collaboration between Brazil and France.

The number and duration of the sessions is subject to the availability of physical space.

We suggest that you visit the web page of past joint meeting Brazil-Italy to have an idea of format of the sessions:

<https://www.sbm.org.br/jointmeeting-italy/>

If our budget permits, each session will receive financial support to help its organization.
