

We hereby certify that, **Andressa Gomes - IMECC**, participated in the Workshop Nonlinear Dispersive Equations, held at Hotel Mar de Canasvieiras – Florianópolis, Santa Catarina from July 27 – 30, 2018 and presented the following poster: “**Solitary wave solutions and global well-posedness for a coupled system of gKdV equations**”.

Rio de Janeiro, July 30th, 2018

Felipe Linares
Organizing Committee

We hereby certify that, **Anudeep Kumar** - **George Washington University**, participated in the Workshop Nonlinear Dispersive Equations, held at Hotel Mar de Canasvieiras – Florianópolis, Santa Catarina from July 27 – 30, 2018 and presented the following poster: “**Singularities and global solutions in the generalized Hartree equation**”.

Rio de Janeiro, July 30th, 2018

Felipe Linares
Organizing Committee

We hereby certify that, **Argenis Mendez** - Instituto Nacional de Matemática Pura e Aplicada, participated in the Workshop Nonlinear Dispersive Equations, held at Hotel Mar de Canasvieiras – Florianópolis, Santa Catarina from July 27 – 30, 2018 and presented the following poster: “**On the propagation of regularity in solutions of the dispersion generalized Benjamin-Ono equation**”.

Rio de Janeiro, July 30th, 2018

Felipe Linares
Organizing Committee

We hereby certify that, **Cilon Perusato** - **Universidade Federal do Rio Grande do Sul**, participated in the Workshop Nonlinear Dispersive Equations, held at Hotel Mar de Canasvieiras – Florianópolis, Santa Catarina from July 27 – 30, 2018 and presented the following poster: “**Decay rates for the magneto-micropolar system in $L^q(\mathbb{R}^3)$** ”.

Rio de Janeiro, July 30th, 2018

Felipe Linares
Organizing Committee

We hereby certify that, **Fernando Andrés Gallego Restrepo** - **Universidad Nacional de Colombia**, participated in the Workshop Nonlinear Dispersive Equations, held at Hotel Mar de Canasvieiras – Florianópolis, Santa Catarina from July 27 – 30, 2018 and presented the following poster: “**Boundary Stabilization of Boussinesq Systems of KdV-Type**”.

Rio de Janeiro, July 30th, 2018

Felipe Linares
Organizing Committee

We hereby certify that, **Gilberto Arenas-Díaz** - **Universidad Industrial de Santander**, participated in the Workshop Nonlinear Dispersive Equations, held at Hotel Mar de Canasvieiras – Florianópolis, Santa Catarina from July 27 – 30, 2018 and presented the following poster: “**Solitary waves for an internal water wave model**”.

Rio de Janeiro, July 30th, 2018

Felipe Linares
Organizing Committee

We hereby certify that, **José Manuel Palacios Armesto - Universidad de Chile - Matematica**, participated in the Workshop Nonlinear Dispersive Equations, held at Hotel Mar de Canasvieiras – Florianópolis, Santa Catarina from July 27 – 30, 2018 and presented the following poster: **“Stability of sine-Gordon 2-solitons in the energy space”**.

Rio de Janeiro, July 30th, 2018

Felipe Linares
Organizing Committee

We hereby certify that, **Luccas Cassimiro Campos** - **Universidade Federal de Minas Gerais**, participated in the Workshop Nonlinear Dispersive Equations, held at Hotel Mar de Canasvieiras – Florianópolis, Santa Catarina from July 27 – 30, 2018 and presented the following poster: **“Asymptotic behavior of solutions to the focusing INLS equation above the mass-energy threshold”**.

Rio de Janeiro, July 30th, 2018

Felipe Linares
Organizing Committee

We hereby certify that, **Márcio Cavalcante de Melo** - **Universidade Federal de Alagoas**, participated in the Workshop Nonlinear Dispersive Equations, held at Hotel Mar de Canasvieiras – Florianópolis, Santa Catarina from July 27 – 30, 2018 and presented the following poster: **“THE INITIAL-BOUNDARY VALUE PROBLEM FOR THE KAWAHARA EQUATION ON THE HALF-LINE”**.

Rio de Janeiro, July 30th, 2018

Felipe Linares
Organizing Committee

We hereby certify that, **Mykael de Araújo Cardoso** - **Universidade Federal de Minas Gerais**, participated in the Workshop Nonlinear Dispersive Equations, held at Hotel Mar de Canasvieiras – Florianópolis, Santa Catarina from July 27 – 30, 2018 and presented the following poster: “**Mass concentration and Lushnikov-like criteria for blow-up for focusing INLS equation**”.

Rio de Janeiro, July 30th, 2018

Felipe Linares
Organizing Committee

We hereby certify that, **Oscar Guillermo Riaño Castañeda** - Instituto Nacional de Matemática Pura e Aplicada, participated in the Workshop Nonlinear Dispersive Equations, held at Hotel Mar de Canasvieiras – Florianópolis, Santa Catarina from July 27 – 30, 2018 and presented the following poster: “**Asymptotic Behavior of solutions to a non-homogeneous dissipative perturbation of the Benjamin-Ono equation**”.

Rio de Janeiro, July 30th, 2018

Felipe Linares
Organizing Committee

We hereby certify that, **Roberto Capistrano Filho** - **Universidade Federal de Pernambuco**, participated in the Workshop Nonlinear Dispersive Equations, held at Hotel Mar de Canasvieiras – Florianópolis, Santa Catarina from July 27 – 30, 2018 and presented the following poster: “**Global results on control and stabilization of fourth order nonlinear Schrödinger on a Periodic Domain**”.

Rio de Janeiro, July 30th, 2018

Felipe Linares
Organizing Committee

We hereby certify that, **Vanessa Barros de Oliveira** - Universidade Federal da Bahia, participated in the Workshop Nonlinear Dispersive Equations, held at Hotel Mar de Canasvieiras – Florianópolis, Santa Catarina from July 27 – 30, 2018 and presented the following poster: “**On the two-power nonlinear Schrodinger equation with non-local terms in Sobolev-Lorentz spaces**”.

Rio de Janeiro, July 30th, 2018

Felipe Linares
Organizing Committee

We hereby certify that, **Willian Carlos Lesinhevski** - **Universidade Federal do Paraná**, participated in the Workshop Nonlinear Dispersive Equations, held at Hotel Mar de Canasvieiras – Florianópolis, Santa Catarina from July 27 – 30, 2018 and presented the following poster: “**Von Neumann analysis for a dispersive internal wave model**”.

Rio de Janeiro, July 30th, 2018

Felipe Linares
Organizing Committee

We hereby certify that, **Xavier Carvajal Paredes** - **Universidade Federal do Rio de Janeiro**, participated in the Workshop Nonlinear Dispersive Equations, held at Hotel Mar de Canasvieiras – Florianópolis, Santa Catarina from July 27 – 30, 2018 and presented the following poster: “**On the well-posedness of the fifth-order KdV-BBM-type equation**”.

Rio de Janeiro, July 30th, 2018

Felipe Linares
Organizing Committee
