Optimization: *A Journal of Mathematical Programming and Operations Research*

Special Issue "XIII Brazilian Workshop on Continuous Optimization"

CALL FOR PAPERS

We are pleased to announce a special issue related to the meeting "XIII Brazilian Workshop on Continuous Optimization", which will be held in September 2019, celebrating the 70th anniversary of Alfredo Iusem.

The special issue aims to present advances in different areas of mathematical optimization, including optimal control, variational analysis, nonsmooth analysis and related applications.

Submitted manuscripts by participants of the event will be considered as potential full-paper publications in this special issue subject to peer reviews, and should not have been previously published nor be currently under consideration for publication elsewhere. All submissions will be refereed with the same standards as leading international journals. The main criteria for acceptance are the quality and originality of the contribution.

GUEST EDITORS:

Regina Burachik: Regina.Burachik@unisa.edu.au
Miguel Angel Goberna Torrent: mgoberna@ua.es
Juan Enrique Martínez Legaz: JuanEnrique.Martinez.Legaz@uab.cat
Jefferson Melo: jefferson@ufg.br

MANUSCRIPT FORMAT:

Prospective authors should follow the manuscript format described below at the journal site
https://www.tandfonline.com/action/authorSubmission?journalCode=gopt20&page=instructions

HOW TO SUBMIT:

Authors must submit their manuscripts through the Manuscript Central website
http://mc.manuscriptcentral.com/gopt

During the submission procedure authors have to answer the question

'Is the manuscript a candidate for a special issue?' Here one has to tick **"yes"**

and then in the box

'If yes, what is the title of the special issue:' one has to select
"XIII Brazilian Workshop on Continuous Optimization".

The corresponding manuscripts will then be assigned to the Guest Editors for handling.

IMPORTANT DATES:

Submission deadline for papers: October 31, 2019
Tentative date of publication: July 2020

Teremos a publicação de um volume especial da Optimization: A Journal of Mathematical Programming and Operations Research, contendo trabalhos submetidos pelos participantes do evento que passaram por revisões. A edição será chefiada por Regina Burachik e conduzida com o apoio dos editores convidados Miguel Goberna, Juan Enrique Martínez Legaz, Jefferson Melo e Fernanda Raupp.

We will publish a special volume of Optimization: The Journal of Mathematical Programming and Operations Research, containing papers submitted by the participants of the event that have passed peer reviews. The edition will be headed by Regina Burachik and conducted with the support of the invited editors Miguel Goberna, Juan Enrique Martínez Legaz, Jefferson Melo and Fernanda Raupp.
